

EISTEDDFOD – CELEBRATING OUR POETRY

SUPPORT MATERIALS

If you need further support on specific aspects of outdoor learning these materials can enhance the engaging experiences you are providing. They can support you as you design, plan and implement your curriculum. Outdoor learning is a great way to develop learners' integral skills (creativity and innovation, critical thinking and problem-solving, personal effectiveness, planning and organising). You will want to focus on why learning matters and ensure you are meeting your learners' needs.

These materials show paths that could be taken through the activity. These are not meant to be prescriptive. You should adapt your approach depending on your learners' needs and interests and your local area.

OVERVIEW

Learners consider what a poem is and use their ideas to start writing a poem about being outside. They explore what an Eisteddfod is and the key characteristics of a typical Eisteddfod poem. Learners gather ideas for an Eisteddfod poem, including from the outside environment and write a group poem to enter the school Eisteddfod competition. They consider the importance of the Bardic chair and decorate an old chair to make their own Eisteddfod chair for the winning poem.

CURRICULUM FOR WALES

Areas explored:

- Expressive Arts
- Health and Well-being
- Humanities
- Languages, Literacy and Communication
- Science and Technology

Activity also incorporates aspects of cross-curricular skills outlined in the LNF and DCF.

RESOURCES

Internet enabled device and internet access.

Means of taking photographs, e.g. smart phones, tablets, cameras, etc.

Means of decorating an old chair to become a bardic chair, e.g. scrap paper, recycled materials, cardboard, paints/pens, sticky tape, glue.

DOING THE ACTIVITY

- Most tasks require learners to work in pairs or groups.
- Encourage learners to share their ideas, and through open questioning, explain and justify their ideas when possible. Focus questions have been suggested to guide learners through the tasks.
- Some tasks might be more effective if pairs or groups of learners have access to an internet enabled device.
- When taking learners outdoors, it is essential that the [Countryside Code](#) is adhered to and any relevant risk assessments have been carried out with risks mitigated.

TASK 1

WHAT IS A POEM?

The task starts by asking learners to consider what a poem is. Invite learners to explore the outside environment and to use their senses to note their ideas. Encourage them to use the sentence starters as a basis for writing a simple poem and to consider how they might make their poem look and sound more exciting and interesting.

Evidence suggests that younger learners are reluctant to engage with poetry as they can find it boring and are not interested in the topics presented: [Our latest research reveals over half of children missing out on poetry benefits - National Literacy Trust](#).

However, the National Literacy Trust's research report [Where a quiet voice can become a loud voice](#) highlights the significant benefits poetry brings to younger learners and their lives, offering a unique way to foster creativity, support mental well-being and encourage self-expression.

The Trust's 2022 report [Children and young people's engagement with poetry in 2022](#) also provides an insight into younger learners own ideas about poetry, providing several pages of direct quotes.

The Trust outlines ideas relevant to educators, to encourage young learners to engage with poetry, including:

- Providing a range of poetry that appeals to different interests.
- Creating an environment where learners feel comfortable sharing their thoughts and feelings through poetry.
- Introducing poetry in a way that is accessible and enjoyable.
- Providing opportunities for learners to perform and write poetry.
- Fostering a positive attitude towards poetry.

National Poetry Week encourages people of all ages to read, write and share poetry. The annual event takes place in October with National Poetry Day falling on the first Thursday of the month.

TASK 2

HOW CAN WE WRITE A POEM FOR A SCHOOL EISTEDDFOD?

Learners consider their ideas about what an Eisteddfod is through creating a group mind map and accessing a [video clip](#) of a Key Stage 3 school Eisteddfod.

Background information about the National Eisteddfod is available from a variety of sources:

- [Welcome to the National Eisteddfod - Eisteddfod](#)
- [What is an Eisteddfod? - Museum Wales](#)

This task also presents an opportunity to explore the common themes for Eisteddfod poems, including memory, city, ruins, nature, war and love. Encourage learners to explore these themes and other common ground within Eisteddfod poems and to gather ideas from a range of sources outside of school to use as a basis for writing a poem. As the outdoors is emphasised as the inspiration for learner Eisteddfod style poems, it might be fitting for learners to share their poems in an outside setting. This could involve them sitting in a circle and provide an opportunity to make a connection to Gorsedd circles and the Gorsedd of the Bards.

[‘Our own pageantry and peacockry’ – the Gorsedd of the Bards - Museum Wales](#)

These are deeply rooted in tradition, where the Archdruid leads ceremonies within a circle to symbolise the continuity of Welsh poetic heritage.

TASK 3

THE EISTEDDFOD CHAIR

Learners consider what they think a bardic chair might look like and explore design features and imagery, using a photograph of such a chair. More images can be accessed via this link – [National Eisteddfod Chairs - People's Collection Wales](#). They are required to create chair designs and use these to decorate an old chair to make their own 'Eisteddfod chair'.

It is suggested that you involve learners in sourcing a suitable chair. They could ask family and neighbours, for example, if they have an old dining chair at home or even an old school chair. Local charity shops and second-hand furniture shops might also be an option.
