

## COVERAGE CHART

# WHAT LOCAL FOOD COULD BE SUPERFOOD FOR THE FUTURE? – GOWER NATIONAL LANDSCAPE

The shaded boxes indicate the range of opportunities learners may have to access the Statements of what matters (SoWMs). However, learners could have opportunities to access other Areas and SoWMs, especially if elements of each activity are used flexibly or adapted for learner needs and interests.

<b>Statements of what matters</b>	
<b>Expressive Arts</b>	
Exploring the expressive arts is essential to developing artistic skills and knowledge and it enables learners to become curious and creative individuals.	
Responding and reflecting, both as artist and audience, is a fundamental part of learning in the expressive arts.	
Creating combines skills and knowledge, drawing on the senses, inspiration and imagination.	
<b>Health and Well-being</b>	
Developing physical health and well-being has lifelong benefits.	
How we process and respond to our experiences affects our mental health and emotional well-being.	
Our decision-making impacts on the quality of our lives and the lives of others.	
How we engage with social influences shapes who we are and affects our health and well-being.	
Healthy relationships are fundamental to our well-being.	
<b>Humanities</b>	
Enquiry, exploration and investigation inspire curiosity about the world, its past, present and future.	
Events and human experiences are complex, and are perceived, interpreted and represented in different ways.	
Our natural world is diverse and dynamic, influenced by processes and human actions.	
Human societies are complex and diverse, and shaped by human actions and beliefs.	
Informed, self-aware citizens engage with the challenges and opportunities that face humanity, and are able to take considered and ethical action.	
<b>Languages, Literacy and Communication</b>	
Languages connect us.	
Understanding languages is key to understanding the world around us.	
Expressing ourselves through languages is key to communication.	
Literature fires imagination and inspires creativity.	

**COVERAGE CHART**
**WHAT LOCAL FOOD COULD BE SUPERFOOD FOR THE FUTURE? – GOWER NATIONAL LANDSCAPE**

<b>Statements of what matters</b>	
<b>Mathematics and Numeracy</b>	
The number system is used to represent and compare relationships between numbers and quantities.	
Algebra uses symbol systems to express the structure of mathematical relationships.	
Geometry focuses on relationships involving shape, space and position, and measurement focuses on quantifying phenomena in the physical world.	
Statistics represent data, probability models chance, and both support informed inferences and decisions.	
<b>Science and Technology</b>	
Being curious and searching for answers is essential to understanding and predicting phenomena.	
Design thinking and engineering offer technical and creative ways to meet society's needs and wants.	
The world around us is full of living things which depend on each other for survival.	
Matter and the way it behaves defines our universe and shapes our lives.	
Forces and energy provide a foundation for understanding our universe.	
Computation is the foundation for our digital world.	
<b>Literacy and Numeracy Framework</b>	
<b>Literacy</b>	
<b>Translanguaging</b>	
<b>Listening</b>	
Listening for meaning	
Developing vocabulary	
Listening to understand	
Listening as part of collaborative talk	
<b>Reading</b>	
Phonological and phonemic awareness	
Reading strategies	
Understanding, response and analysis	
<b>Speaking</b>	
Clarity and vocabulary	
Purpose	
Collaborative talk	
Questioning	

**COVERAGE CHART**
**WHAT LOCAL FOOD COULD BE SUPERFOOD FOR THE FUTURE? – GOWER NATIONAL LANDSCAPE**

<b>Literacy and Numeracy Framework</b>	
<b>Literacy</b>	
<b>Writing</b>	
Vocabulary, spelling, grammar	
Connectives and syntax	
Punctuation	
Planning and organising for different purposes, audiences and context	
Proofreading, editing and improving	
<b>Numeracy</b>	
<b>Developing mathematical proficiency</b>	
Conceptual understanding	
Logical reasoning	
Fluency	
Strategic competence	
Communicating with symbols	
<b>Understanding the number system helps us to represent and compare relationships between numbers and quantities</b>	
The number system	
Relationships within the number system	
Calculation	
Financial literacy	
<b>Learning about geometry helps us understand shape, space and position, and learning about measurement helps us quantify in the real world</b>	
Measurement	
Shape and space	
Position	
Angle	
<b>Learning that statistics represent data and that probability models chance helps us make informed inferences and decisions</b>	
Collecting data	
Representing data	
Interpreting data	
<b>Digital Competence Framework</b>	
<b>Citizenship</b>	
Identity, image and reputation	
Health and well-being	
Digital rights, licensing and ownership	
Online behaviour and online bullying	

**COVERAGE CHART**
**WHAT LOCAL FOOD COULD BE SUPERFOOD FOR THE FUTURE? – GOWER NATIONAL LANDSCAPE**

<b>Digital Competence Framework</b>	
<b>Interacting and collaborating</b>	
Communication	
Collaboration	
Storing and sharing	
<b>Producing</b>	
Sourcing, searching and planning digital content	
Creating digital content	
Evaluating and improving digital content	
<b>Data and computational thinking</b>	
Problem-solving and modelling	
Data and information literacy
